

Dr S.V.S. Gopala Swamy

Professor (Entomology) & Principal,
Polytechnic of Agriculture & Polytechnic of Agricultural Engineering,
Acharya N. G. Ranga Agricultural University,
RARS, Anakapalle – 531 001, India
Email: paugopal2003@yahoo.com

Dr S.V.S. Gopala Swamy obtained M.Sc. (Ag.) in 1999 and Ph. D in 2005 from the Acharya N.G. Ranga Agricultural University of Andhra Pradesh. The significant findings out of his research works covering cotton pink bollworm, American bollworm and transgenic pigeon pea contributed for development of good plant protection strategies applicable in Integrated Pest Management. He developed simple and adoptable eco-friendly post-harvest preservation techniques suitable for small and marginal farmers for securing food grains from insect pests. He was associated in externally funded projects and the recommendations given for efficient warehouse management had very good positive implications. He has 91 Research and Review papers to his credit on the topics related to plant protection and post-harvest technologies. He has participated in International and National Symposia and presented research papers. His research contributions fetched him “Jawaharlal Nehru Gold Medal Award - 2014” from the Global Economic Progress & Research Association, “Meritorious Scientist Award - 2016” from Acharya N. G. Ranga Agricultural University, “Scientist Award - 2020” from the Dr. B. Vasantharaj David Foundation. He has Life membership in nine professional societies and is serving as Editorial Adviser for few journals.
